

## Lesson 4: Types of sentences

A quick session today! Did you know that there are 4 different 'kinds' of sentence? A sentence is either:

**A statement** – A basic sentence that tells you something, e.g. **Norwich is a great city.**

*These end with a full stop.*

**A question** – A sentence that asks you something, e.g. **Have you ever been to Norwich?**

*These end with a question mark.*

**An exclamation** – A sentence that gets across strong emotions or excitement, e.g. **What a great place Norwich is!**

*They always end with an exclamation mark.*

**A command** – Sentences that tell you or someone to do something, e.g. **Go and visit Norwich.**

Your task today is simple. Can you write 3 statements, 3 questions, 3 exclamations and 3 commands in your home learning books?

**GOOD LUCK!**
